Signing up for EOBs with Availity

Instructions

To view which payers on the Availity Payer list can send you electronic EOBs please visit <http://www.availity.com/providers/> and click on "View Availity health plan partners" on the bottom right side of the screen. You will need Adobe Acrobat .pdf reader installed in order to open the list.

Once you have the list opened, go to the bottom and find "Availity's Electronic Remittance Advice (ERA) Health Plan Partners" to see the list of payers that can send electronic EOBs to Availity.

There may be Payer Specific Forms that you will have to choose from in order to receive ERA's from a certain payer via Availity instead of the Multi-payer form.

It is very important that you state what your Availity Login ID is on the EOB forms you complete. To find your Availity Login ID, login to SolAce and go to Setup/Mailboxes and double click on your Availity mailbox. Click on the connection tab and write down the ID in the Login ID box. Click cancel to close the box and close at the top right side of the screen.

If the form requires you to enter your Genkey, you can find your Genkey in one of the DPR reports that you have received from Availity. The GenKey is located in the "availity batch ID" box of the DPR report. It is the first 7 numbers before the "-". Please eliminate the 2 leading 0's because the GenKey is actually just a 4 or 5 digit number. For example : 0045687, your GenKey is the 45687.
